

# ASSESSMENT SCHEME

## 1. Requirements

In order to pass this course:

- **at least 80%** of the task should be done (5 units altogether) with the **average score of exercises** at the **minimum of 65%**.
- **all video** lectures should be watched.

## 2. Marking schemes

- **Assignment completion (40%)**

Based on the completion rate and the average score of the exercises, the assignments completion score will be counted as follows:

**$(\text{Completion Rate} + \text{Exercises Score} * 2) / 3 = \text{Assignments Completion Score}$**

- **Final (50%)**

The final score will be counted based on your performance in the final test.

- **Bonus (10%)**

By completing AT LEAST 2 projects, you will gain the full 10% scores of the course. If you only complete 1 project, you'll get 5% and 0% for no completion.
