SENTENCE STRESS

I. Introduction:

Two basic types of words in sentences:

- **Content words:** carry meaning of the sentence and usually are "**nouns**", "**verbs**", "**adjectives**", "**adverbs**", "**negation word**: no, not".
- **Function words:** connect content words with correct grammar and usually are "**prepositions:** in, on...", "**pronouns**: I, she,..", "**articles:** a, the,..." , **auxiliaries:** did, can,..."

II. In spoken sentences:

- **Content words** are usually stressed.
- **Function words** are usually not stressed.

Your notes:

_____

_____

_____
